THE KEY INGREDIENT, NATURALLY

**FOOD & BEVERAGE NEW PRODUCT RELEASE** 

## **HIGHLY CONSISTENT AND HIGH QUALITY** SPROUTED GRAINS AND SEEDS

Everspring Farms Ltd uses a tightly controlled germination process to foster optimal levels of enzymatic activity in grains and seeds. It is a family owned and operated company dedicated to nutritious functional foods including non-gluten options.

#### **Advantages**

#### Tradition

- · germination of sprouting grains and seeds is an ancient food preparation
- sprouting is a natural marketing story that resonates wholesome and nutritious food products

### Nutrition

- improved bioavailability
- easier to digest
- decreased insoluble fibre and increased soluble fibre
- increased vitamins and nutrients

- · sweeter taste

- slows staling
- · cooks faster
- extends shelf life of milled grains/oilseeds

#### **Applications**

Use as flour or whole seed inclusion. Great in breads, cereals, snack bars, tortilla wraps, tortilla chips, flatbreads, cookies, crackers, pasta, muesli, baking mixes, pet food, soup blends, side dishes (grain blends).

## **NEW DEVELOPMENTS IN SWEETENERS**

#### **ORGANIC TAPIOCA SYRUP**

Liquid sweetener that is obtained from the tapioca starch, through an enzymatic process.

#### **Advantages**

- · natural alternative sweetener
- neutral-flavoured syrup
- · commonly used as an alternative to sucrose

· rich in complex carbohydrates which are slowly absorbed into the bloodstream

#### **Applications**

- industrial and home pastry
- · food ingredients
- · healthy snacks
- · natural sweeteners
- thickener and fermenter

#### ORGANIC SWEET POTATO SYRUP

A liquid sweetener obtained from the Mexican sweet potato through an enzymatic process.

#### **Advantages**

· dark coloured syrup with high beta carotene content

- · light nutty flavour
- · replaces undesirable sweeteners
- rich in complex carbohydrates

#### **Applications**

Pastries, cereals, desserts, ice cream, baby foods and healthy snacks.

#### IAG NUBANA™ GREEN BANANA FLOURS

#### All the benefits of bananas without the taste or sweetness

A new premium line of dry banana fruit ingredients, made from whole peeled, green bananas, designed to provide functional and nutritional benefits.

#### **Advantages**

- · very high level of resistant starch
- · superior binding and adhesive capabilities
- · replaces hydrocolloids, other thickening agents and fat replacement

- high in potassium and magnesium
- · insoluble dietary fibre
- low in sodium, increases moisture retention, high viscosity in cooking

#### **Applications**

Gluten-free flour, beverages, pasta, puddings, cereal bars, fruit fillings, sauces, salads and instant foods.

# Draco Natural Products

#### Full spectrum phyto concentrate rich extract ingredients

A full line of highly concentrated Fruit and Vegetable Extracts.

#### **Advantages**

- · helps build and protect the body,
- tonify organs and metabolic systems
- provide symptomatic relief
- preserves sensitive components like beta glucans and other

polysaccharides that are important for efficacy and balance.

#### **Applications**

Functional foods, beverages, sports nutrition and dietary supplements.
